Well Options, Library Funding Dominate Montclair Township Council meetings

By Steven Maginnis, April 30, 2014

Continued hearings for the 2014 Montclair Township budget were all but relegated to the background at the April 29 Montclair Township Council meeting by Water Director Gary Obszarny's presentation on the findings and recommendations regarding the potential development of the well in Nishuane Park.

* * * *

The council passed on second reading, 6-1, ordinances prohibiting smoking in public spaces and setting food vendor standards for the area around the high school. Councilor-at-Large Rich McMahon, as in the past, voted no on both of them, thinking the smoking ban was unenforceable and that more slots for food vendors should be allowed.
